Mr Bell Leaving End of Term 1
On Monday I informed staff and sent a letter home with students that I will be finishing as Principal of Kilkivan SS at the end Term 1. I will be starting as Principal of One Mile State School at the beginning of Term 2.
I would like to thank all members of the school and wider community for the work and excellent results we have been able to achieve since I began here in 2011.

Principal for Term 2
I am able to announce that Mrs Karen Warren will be Principal for Term 2 2016. Mrs Warren is currently the Principal of Two Mile State School in Gympie. She has had some experiences with the staff and some students through the Small School Sports Carnivals and was here in Kilkivan when we hosted the athletics carnival last year.
I’m sure you will all make her feel welcome next term when she starts. We are also getting a visit from Karen next week so I can show her around the school and provide information to her to assist with a smooth transition.

Great Attendance for Year 7
Great Job Year 7 students with an outstanding attendance rate of 97.17% for weeks 5 and 6 of Term 1. I’m looking forward to a special morning tea with the year level that has the best attendance for the term.

Mid Semester Report Cards
Teachers have begun looking at completing the mid semester report cards. The reports aim to provide parents with information on how their son/daughter is progressing at the halfway point of the semester. The reports will be sent out in the last week of Term.

Thank You
Stuart Bell
Principal
FAREWELL FOR CAROL HOPF
Carol Hopf Farewell
Carol has worked at Kilkivan State School for 26 years and lived in the district for 43 years. Carol is being transferred to a school in Gympie. We will miss her !!! Anyone who would like to come and say goodbye and have a drink with Carol please join us. Where: Kilkivan Bowls Club
When: Wednesday 16 March 2016
Time: 4.00p.m. – 6.00p.m.

P & C NEWS
P & C AGM
Monday 21st March @ 3pm in the school library. All welcome.
All positions will be declared vacant.
P & C Secretary
Sandra Gilchrist

P&C News Cookie Dough
Delivery Information
Delivery Date: 16 March 2016
Time: After School
Where: Tuckshop
Thanks for your support
P&C Fundraising Committee

TUCKSHOP NEWS
Thank-you to all the families who placed an order for our cookie dough fundraiser, we had a great response. Orders will be back to school on Wednesday 16/03/2016 ready for collection at the end of the school day.
Saturday and Sunday 19th-20th March we are catering Breakfast and Lunch for the motor cross ride at Rossmore Caravan Park if anyone could donate cakes or slices to the school to be sold with coffee on those days please contact Amanda on 54847158 or bring them to the school office on Friday the 18th March. If anyone who can help out on those 2 days please also let me know ASAP.

On the 2nd April we still have a few positions to fill with catering for Morning Tea, Lunch or Dinner for the Great Horse Ride. If you are able to help out please let me know,
Thank you.
Amanda Lebherz
Tuckshop Convenor

SCHOOL NURSE CHAT
HEAD LICE
• Head lice (nits) – Some facts to consider:
• Head lice have been around for thousands of years and anyone can get them. Head lice can be easily transmitted at school with children playing together as well as working closely together.
• Using the conditioner & comb method once each week can help your family prevent and control head lice.
• Head Lice do not carry disease.
• Direct contact is required for transmission from person to person (head to head).
• To treat head lice you can purchase specific lice treatment products at the chemist or supermarket or you can use the conditioner and comb method.
• It is important to check for head lice and treat promptly if head lice are found.
• Also a linen change for the affected child’s bedding will be helpful particularly the pillow case.
• Itchiness of the scalp may not disappear immediately after treatment. This may take a few days to settle down, but itchiness of the scalp alone is not a reliable sign of presence or absence of head lice.
• Treatment will need to be repeated after 7 days, or as per the instructions on the product you have chosen. Good luck!

Tuny Troeth
School Based Youth Health Nurse

HPE NEWS
Congratulations Dan Atthow!
Dan has made the Wide Bay Swimming School team to compete at the Queensland trials in Brisbane later this month. He will be swimming individually the 50m butterfly, 50m, freestyle and 50m backstroke. He is also swimming in the 50m freestyle relay race and 50m butterfly in the medley relay. We would like to wish him all the best and congratulate him on such a great achievement.

Hello Everyone, The weeks are flying by so fast and before we know it, the Easter break will be here. This has been helped along by the short 9 week term and because Easter falls at the end of March this year. It’s almost time to start thinking about holiday activities.

Over the past couple of weeks, I have been passing tips on about “Families that work well”. Even just adopting one of these ideas, will make a difference to you and your family. We have looked at Make time for listening and talking; make family time; be affectionate and caring. Today is about accepting differences.

Accept Differences: Let it be known that each family member is special in their own way - whatever the differences. Let them feel proud to be themselves. – Allow each person to be excited about their own interests – show respect and tolerance. – No one should be left out or made to feel the odd one out in the family. Share the chores and the power: - Let all family members, including children, have a real say in what happens in the family – it’s important that people feel listened to and valued. Sharing power promotes trust and caring. – Share the chores among family members – cooking, cleaning, gardening. Young children may be able to help prepare food or set the table. As they get older they can have more responsibility. Couples who support each other around the house, help the family run smoothly. – Have daily routines in the family. This helps children feel secure. – Use adult power wisely. Use humour and encouragement, not punishment and threats. An ongoing fight for control is not helpful for children. The use of violence or intimidation is destructive and makes all family members unhappy."

There will be more tips for Families that work well, in next week’s Chat.

**Savoury Lamb Chops**

In a small saucepan, put 1 cup of water, 2 tbsp vinegar, 2 tbsp brown sugar, ½ tsp mustard powder, ¼ cup plain flour, ¼ cup tomato sauce, ½ tsp ginger powder, ½ tsp curry powder.

Bring to a simmer, stirring continually. Place chops in an oven proof dish and pour the sauce over them.

Cover with alfoil and cook at 180 degrees for 2 hours. Remove the alfoil for the last 20 mins of the cooking time.

**Country Corn Bake**

Finely chop 1 onion, ½ cup of grated carrot, ½ cup grated zucchini, ½ cup capsicum, ½ cup diced celery, ½ cup shallots, ½ cup grated cheese, ½ cup SR flour, 4 eggs, 30g melted butter, 4 diced bacon rashers, 440g drained corn kernels, salt and pepper.

Combine all ingredients in a bowl and mix well. Spoon the mixture into a 20cm round cake tin, which has been greased and lightly dusted with dry breadcrumbs. Bake in a moderate oven for 40 minutes or until set. Serve with the savoury lamb chops for a nutritious family meal.

ENJOY!

I’ll see you all again next week!

---

**CHAPPY’S CHAT Continued**

Here is a great family meal idea for this week. Savoury lamb chops and Country Corn Bake. Prepare them, then place them in the oven together to bake.

Saint Mary’s Catholic College will be holding an equestrian competition for local schools on Thursday 28th April 2016, at the Nanango Showgrounds

8:00/9-00am
Open to all students of South Burnett Schools

Congratulations to Summer, Lane and Zane for receiving this week $5 Tuckshop Voucher!

Congratulations to Barney for developing Comprehension skills he said ‘It was like having lemon juice squeezed in my eye’ David for making great decisions when working on his Science Assessment and Marcus for being polite and organised every morning.

Congratulations Dan for making it into the Wide Bay Swimming School Team. Awesome effort!
Photo Gallery

Well done for 25 nights of Reading Regan, Beau, Ben, Isaac, Bill, Sophie J, Sofia, Braidy and Flynn.

Congratulations to Kirra-Lee for great work in Vis Arts, Keelie for using Spelling Rules to make Connections when writing unfamiliar words, Justin for his Persistence in Swimming, Ryan for displaying a consistent effort and high quality of work, Kane for working hard to improve Comprehension skills, Crystal for her improved Maths results, Rahni for always looking out for others, Layla for turning pages correctly, Lilie-Rose for being a caring friend, Tia for putting in a consistent top effort in all subjects, Lane for making connections in Reading Groups, Katie for always trying your best in Japanese, and Rachel for great work in Vis Arts.
Photo Gallery

Congratulations to Tyson for knowing all his Violet words and the first 100 Magic Words, Rachel for knowing all her Sapphire Words and to Malachi for knowing all his Violet words and first 100 Magic Words.

Our Year 7 Class had the Best Attendance rate of 97.17%
Where are the Trees
Year 2/3 student's persuasive paragraphs.

After studying an article about the need for more trees to be planted at Green Park, the students needed to come up with another persuasive paragraph to encourage the council to plant more trees.

We need to grow more plants and water them to make them grow. It will make it healthier and more bees can come to spread more flowers to help them grow.

Bailey

To shade playgrounds we definitely need more trees. Kids can get burnt by being in the sun, so we need shade. We have to get shade to make the fort cool to stop the kids getting burnt from the hot equipment, so we must have trees. We need more trees to climb because kids have fun doing that kind of stuff. We want more kids to go on the fort and we certainly for sure need more trees in the green park.

Rubi

We must have more trees because kids need to get away from TV and video games.

Blair

We absolutely need more trees at the park because the burning hot sun will make the toys hot. It will burn the people's bottoms if we don't get more shade over them. We need more trees so we can go to the park and have more fun again. Trees also make more fresh air for us to run around in. So please please give us more trees in our park.

Liam

We absolutely need more trees at Green Park. Kids will be able to learn to help the environment and when they get older they will definitely want to help the trees to stay alive. Kids will love to spend time climb the trees and it will stop people getting sunburnt. Green Park will then be absolutely more popular than ever.

Isy
## Where are the Trees

We absolutely need more trees at Green Park so the slide doesn’t get too hot and kids don’t burn their bottoms. The playground also needs more trees around it so the kids won’t get sun burnt while playing on it. That’s why Green Park needs more trees. Also grown up might like to come and have a picnic and relax under the trees.

Bryson

| We certainly need more trees so we can climb up them and get fruit also rest on the branches. They are also good for looking at the birds and their nest. Children can learn from watching the nature it will bring in. |
| Keelie |

| There needs to be more shade around the park so the kids don’t get burnt while they are playing on the playground. It is too hot to play on it and it will get old and then the kids won’t be able to play on it. |
| Lane |

| We definitely have to plant more trees. Help the trees and love them. People could have picnics under the trees where birds build nests. If there is no trees, the playground would be really hot and the kids might burn themselves on the slides, so we have to plant trees and look after them. It will also help the Environment. |
| Lilly |

| We must shade the playground. When people go to play on the playground it hurts their hands because it is so hot. Kids won’t want to play on the equipment if they get burnt or hurt from how hot the playground is. We also need to shade the playground with more trees so it doesn’t rust away and fall to the ground. |
| Luke |
Where are the Trees

We most certainly need more trees so when kids go to Green Park they can play with no fear of getting burnt. Also families can set picnics up and eat in shade while the children climb the trees. We definitely and most certainly need more trees because people might have really small house yards and their children need more area to play to get them away from the TV and video games.

Cheyenne

We definitely need more trees to have picnics and have a good time with our families and play with our friends. Also we need more trees for a healthy environment which will give the kids a better place to learn about their environment. Trees are also good to help get kids away from the TV.

Sasha

We must shade the playground with trees so the animals can live in their environment. It will also help kids have fun, as they will never stop playing on the fort and in the trees.

Noah

The government needs to grow more trees so we can play and have fun at Green Park. It will give us more shade and more fun with trees. The kids will learn more about trees and nature. Kids will also see all the animals in the trees and learn about them.

William
Where are the Trees

We seriously need more trees so animals can come to get more food. Also children learn way more about all animals and nature if they are around in the park. The grass and fruit will grow healthier if we have trees. People will also have shade so they won’t get too hot at the park and they can look after their children while sitting in the shade so they may stay longer.

Anna

We need more trees so all the people will come and play on the playground.

Troy

We need to shade our playground with more trees because people will get sunburnt and they will get hot. They won’t like the playground and they will never go to the park without more trees. The pigeons won’t have a home if there are no trees. We absolutely must have more trees so the fort won’t get old. That’s why we need more trees.

Hugh

We must have more trees at Green Park so we cannot get burnt on the playground. So please, can we have more trees? Do you know what it feels like to play on hot equipment? It can really really hurt? That’s why we need more trees at Green Park.

Sophie

Green Park must definitely get more trees because it needs them for children to climb and play in. More trees will stop the kids from getting sunburnt and parents won’t worry about them. If we get more trees kids will learn about animals, so we must absolutely get more trees.
